

What is...

Trunktie®?

Trunkties are designed to label or tag open network ports on any one of numerous IT or telecom devices.

Any place there are ports to label or mark...
Is a great place for a Trunktie!

Use Trunkties For:

- Server Rooms
- Technician Communication
- Equipment Relocation
- Smart Home Construction
- Multi-Tenant Offices
- Apartments & Condominiums

Trunkties keep your ports marked, labeled, and **CLEAN** when not in use!

Trunkties plug into an unused RJ45 port, with a flexible and adjustable wrap that secures a Trunktie label tag.

Trunkties for Fiber Optic LC and SC ports are also available!
